## EAPL-DC2Gi-M-XU

Imagine a Document Camera so simple to use and so elegant to look at, that it quickly becomes an indispensable part of your office-ware. The EAPL-DC2Gi-M-XU is just that. The EAPL-DC2Gi-M-XU fields a straightforward plug and play function where with a single button press, the entire system comes to life. The device has a cumulative 544x zooming power. Also, you can now store over a thousand images with the system, thanks to the on-board SD Card available on demand. Since the device is completely portable, folding, packing and transporting it, is a breeze. The device is completely integrable with your PC system, which smoothly pairs with the native software of the document camera. We understand that your time is valuable, and thus the device will require next to no training. And did we mention, even when the Document Camera is not doing anything and just sitting idly, it turns quite a few eyeballs.
