

# DOCUMENT CAMERA EAPL-DC6D

The EAPL DC6D is perhaps the first Visualizer that has been created after taking a humongous amount of feedback from our clients – incorporating features that you would like to have in your visualizer. The creation of this device, right from its conception, to its designing, to its actual crafting, has been our labour of love. Introducing an Ultra HD Document Camera with 4k resolution, at this price point was always a tough ask. But after about an year of extensive field trials, we bring to you the best in its class EAPL DC6D. Equipped with a total zooming power of over 490x, this document camera sports a powerful 13 MP camera. Even at its maximum zoom, its picture quality is so sharp that you'll be able to visualize objects that are invisible even to the naked eye. With an onboard writing surface and light box, you now have the liberty to directly write on to the surface as you speak or present. The system, on demand hosts external image storage which can cater to up-to 11,000 images in one go. The neat, clean interface and product design is constructed in such a way that the EAPL DC6D imparts an aura of style and suaveness around it. In the truest sense of the phrase, 'this is YOUR visualizer'.

## Technical Specifications

### SENSOR

1/3.2" CMOS Colour sensor

### ZOOM

490x total zoom (30.6x optical Zoom / 8x Digital Zoom / 2x Mechanical Zoom)

### SHOOTING AREA

A3 landscape (297 x 420 mm) / (11.7" x 16.5")

### LENS ROTATION

Lens Rotation manually at 0° to 90° to object orienta

### TOTAL MEMORY

Over 16GB

### NUMBERS OF IMAGES

11038 Images

### VIDEO RECORDING

Yes (via USB or SD CARD)

### FOCUS

Auto / Manual

### BRIGHTNESS ADJUSTMENT

Yes

### CONNECTIONS

HDMI (Out) / HDMI (In), VGA (Out) / VGA (In), USB

### COMPOSITE OUTPUT

RCA Jack

### REMOTE CONTROL

Yes (360°controllable)

### ILLUMINATION SYSTEM

Upper: LED Illumination System  
Backlight: LED Backlight (239mm X 324mm)

### POWER SUPPLY

DC 5V, 100-240V, 50-60Hz

### WEIGHT

2.83kg

### OUTPUT RESOLUTION

VGA Output - XGA / WXGA / UXGA  
HDMI Output - 720p / 1080i / 4k

### IMAGE MIRROR, IMAGE FREEZE

Yes

### IN THE BOX

DC6D Visualiser, Power cord (UK/EU), Power adapter  
HDMI Cable, USB cable (2.0), Microscope Adapters  
(Ø28mm, Ø31mm, Ø33mm or Ø34mm eyepieces),  
Remote control and SD Card  
User manual and software (CD) Windows/Apple

### MINIMUM REQUIREMENTS

Operating system: Windows XP/ 7 / 8 /10  
CPU: Pentium 4 1.8Ghz, Physical memory: 512MB  
Memory: 64MB
