DOCUMENT CAMERA
EAPL-DC2Gi

Imagine a Document Camera so simple to use and so elegant to look at, that it quickly becomes an indispensable part of your office-ware. The EAPL-DC2Gi is just that. The EAPL-DC2Gi fields a straightforward plug and play function where with a single button press, the entire system comes to life. The device has a cumulative 544x zooming power. Also, you can now store over a thousand images with the system, thanks to the on-board SD Card available on demand. Since the device is completely portable, folding, packing and transporting it, is a breeze. The device is completely integrable with your PC system, which smoothly pairs with the native software of the document camera. We understand that your time is valuable, and thus the device will require next to no training. And did we mention, even when the Document Camera is not doing anything and just sitting idly, it turns quite a few eyeballs.

Technical Specifications

SENSOR
1/3.2" CMOS Colour sensor

ZOOM
8 Megapixel, 544x total Zoom (17x Optical / 8x Digital / 4x Mechanical), upto 30 frame per second.

SHOOTING AREA
A3 landscape (420 x 297 mm) / (16.5" x 11.7")
